Name: _____

Emily and her family drove 115 miles to San Juan Capistrano. They wanted to see the swallows return. Round off the number of miles they drove to the nearest hundred.

Eric has 12 turtles. His turtles are very lazy. He fed his turtles today. Only $\frac{3}{4}$ of them woke up to eat. How many turtles did not wake up to eat?

Guess what you have to do on the Name That Number app? You guessed it! You name the correct number. For 50 gold stars, here is the clue. The number rounded to the nearest 10 is 130. The ones digit is 2. Quick! If you can write the answer in 30 seconds, you get 15 bonus gold stars!

"Tens are more powerful than ones," said Tens to Ones.

Ones was confused. She thought her number was worth more. "I'm 7 more than you,"

Ones replied back to Ten.

"Hah! The real value of me is worth 88 more than you. Did you forget the value of tens!" replied Ten.

What is the real value of the tens number and the ones number? For example, could tens be 90 and ones 2?

Sudoku Sums of 9

Each row, column, and box must have the numbers 1 through 6.
Hint: Look for sudoku sums. The sum of the two boxes inside of the dashed lines is 9.

Here is an example of a sudoku sum of 9:

			6	3	4
					1
		6		2	
2					5
1					
		2			

What fraction of the box is shaded?

True False

True False

True False

True False

True False

True False

True False

True False

Did you find that four are true? If not, look again!

Hint: If you see the same pieces on both sides, you might need to remove both pieces.

You should only mark TRUE if you are absolutely sure it is correct!

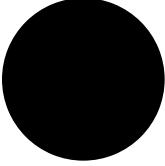

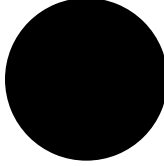

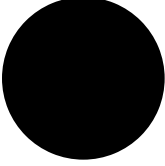

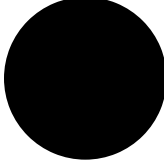

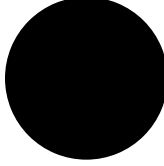

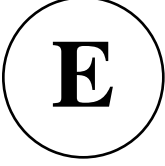

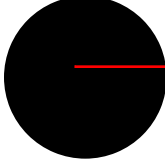

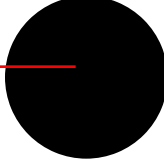

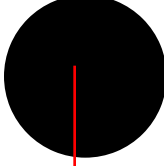

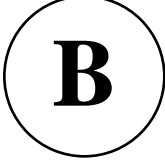

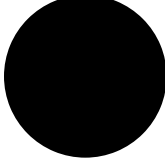

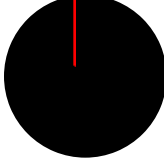

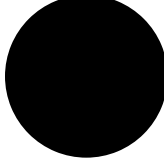

Name _____

Date _____

Start on the **B** circle. Do not pick up your pencil. Draw a line going left, right, up, or down. **Every line must end on a circle. No stopping on an empty box.** Try to collect all the circles and finish your last line on the **E** circle. You can go through a circle more than once.

Part of the line has already been drawn for you.

				
				
				
				
				

Red lines are drawn from the 'B' circle to the 'E' circle: a vertical line up to the circle below, then a horizontal line right to the circle in the next row, then a horizontal line right to the circle in the next column.

Didn't get them all? That's ok. This was hard.

I missed _____ circle(s).

MATH
 1. $14 + 6 =$
 2. $33 - 8 =$
 3. $22 + 11 =$
 4. $59 - 2 =$
 5. $47 - 19 =$

ANSWER KEY
 1. $14 + 6 = 20$
 2. $33 - 8 = 25$
 3. $22 + 11 = 33$
 4. $59 - 2 = 57$
 5. $47 - 19 = 28$
